Directors & Officers Liability Insurance Including Employment Practices Liability for Nonprofit Churches

Directors and Officers of the church can face personal liability for financial damages arising from numerous causes. Even in states with legislation protecting nonprofit Directors and Officers from lawsuits, this coverage proves necessary for situations such as failing to maintain adequate financial records, discriminating in membership standards, using budgeted or donated money differently from originally intended, and failing to preserve tax-exempt status.

This coverage provides funds to refute claims or to prove immunity under state law. In situations where state law fails to protect your organization, this insurance pays for claims of financial damages for which Directors and Officers are held personally liable.

Policy Highlights:

- **Insured persons include Directors, Trustees, Officers, employed or volunteer clergy, leased employees, temporary or seasonal employees, interns, or staff members of the church.**
- **Loss includes punitive damages where insurable (not allowed in all states).**
- **22 employment practices wrongful acts included if the EPL limit is purchased.**
- **D&O and EPL limits are always separate.**
- **Duty to defend policy form.**
- **The cost of defense is inside the limit of liability and subject to retention.**
- **Retentions start at \$1,000.**
- **D&O for churches with less than 500 members with a \$1,000,000 limit starts at \$ 250.00. Larger churches with up to 1,500 members with a \$1,000,000 limit starts at \$400.00.**
- **EPL limit can be added for \$85.00 per member for the \$1,000,000 EPL limit and \$65.00 per member for the \$100,000 EPL limit.**
- **Church Policy Form is the D32100.**

Please note: Most umbrella policies, including the Great American umbrella policy, will not follow excess of the D&O/EPL coverage.
